PARENTS WE NEED YOU!

Dear parents,

In the past year, Student Services had to intervene on sexting, cyber bullying, sending nudes, low self esteem, suicidal ideations, sleep deprivation and addiction to technology.

In our efforts to educate our youth on the healthy use of technology our interventions were centered on your kids. However, we realized that there was an important missing link: YOU. You hold an important piece of the puzzle as your child's primary care giver.

For this reason, Student Services would like to invite you to exchange tips on the healthy use of technology in a laid-back atmosphere.

By coming to this session, you will have a chance to learn from others as you share your concerns, strategies and experiences, as well as exploring the best practices.

Date:	October 20th, 2016
Time:	From 7:00PM to 8:30PM
Place:	Massey-Vanier High School Library

To help us plan accordingly, please RSVP to Gail Heckley at heckleyg@etsb.qc.ca or (450) 263-3772 ext: 23464.

Feel free to share this invitation with others who may have similar concerns.

Please note, coffee and snacks will be provided

Sincerely,

Student Services Team
